Dear Ms Dixon

The current medical standards in relation to acoustic neuroma are unchanged and are as follows:

For group 1 (car and motorbike) licensing: May drive and need not notify the DVLA unless there is sudden and disabling giddiness.

For group 2 (bus and lorry) licensing: May drive and need not notify the DVLA unless there is sudden and disabling giddiness and/or the condition is bilateral.

I hope this is helpful

Yours sincerely,

**N Lewis**
